olympia™ electronics

SAFETY & SECURITY SYSTEMS

for a safer world!

www.olympia-electronics.com

Established in

1979

THE COMPANY

Innovative electronic safety and security systems

201 employees with 10% of human resources in Research & Development Department (R&D)

Strong presence in over 72 countries worldwide

Pure Greek Company

Certified products according to the European standards

Dedication to

QUALITY

OLYMPIA ELECTRONICS S.A. aiming in the quality, has adopted in the last years, production and inspection procedures that have supplied the market with products that are totally in accordance with European construction protypes (EN).

For the production, the company applies advanced systems "world class manufacturing" such as lean systems , TPM, 5S which give it competitive advantages.

Its products allocate certificates from various laboratories such as LLOYD'S, BSI, LPCB, H.E.E.Q.A.C., EVPU etc.

Some of our

PROJECTS

AIRPORTS (GREECE)
Heraklion, Chania, Sitia, Lefkada, Thessaloniki, New Aghialos, Mykonos

HOSPITALS (GREECE)
General University Hospital of Larissa, Paidon Pentelis, Henry Dunant Hospital Center, Evaggelismos

TUNNELS (GREECE)
National Road of Athens - Thessaloniki, National Road of Athens - Kalamata, Egnatia Odos, Underwater tunnel Aktio - Preveza, Rio - Antirio Bridge.

VARIOUS INSTALLATIONS (GREECE)
Helicopter Base of Marathon, Olympic Village, Olympic games committee, Stadium of Eirinis & Filias, Technological Institute of Heraklion , Univercity of Chania, Shopping Mall SATURN / Thessaloniki, Macedonian Thrace Brewery SA / Komotini, TAP / Cosmos Offices Thessaloniki.

HOTELS (GREECE)
Grand Serai / Ionnina,
Grand Hotel /Thessaloniki,
Mediterranean Palace Hotel / Thessaloniki, Mediterranean Village / Katerini, Caldera Palace / Heraklion Crete,
Hilton / Athens, Pentelikon / Athens, King George / Athens, Hotel Grande Bretagne / Athens, Sofitel (airport) / Athens.

AIRPORTS (INTERNATIONAL)
Arlanda Airport / Sweeden
Landvetter Airport / Sweeden
Lisbon Airport / Portugal
New Delhi Airport / India
Frankfurt Airport / Germany
Doha International airport / Qatar

HOTELS (INTERNATIONAL)
Hotel Asplund / Sweeden, Movenpick / Petra, Jordan, Le Royal Hotel / Dbayeh, Libanon, Desert Night Camp / Oman

VARIOUS INSTALLATIONS (INTERNATIONAL)
Frescati university library / Sweeden, Happel Stadium / Vienna, Austria, Schwerin metro / Germany, Better Life Appliances for Cayan Tower/ Dubai, Hushagsgymnasiet school / Sweeden, Sportsarena Änglagården / Sweeden, Twin Tower / Libanon, Kadrah Grid Station / Oman, ARGO OFFICES / Prague, Czech Republic, Prioritet Serneke Arena / Sweeden, Press conference center of the Olympic Games Rio/Brazil

SHOPPING MALLS (INTERNATIONAL)
Armada shopping center / United Kingdom, Solaris shopping center / Estonia, Bergvik shopping center / Sweeden, El Corte Inglés / Spain, Shopping center Mittl city / Sweden.

EXPORTS

We export to
72 countries
of Abroad

- European Union
- Eastern European countries & Russia
- Middle East and countries of Gulf
- Africa
- U.S.A.
- Iceland

Benefits of CBS

Better Energy efficiency compared to self-contained luminaries.

Low maintenance cost. The batteries in a CBS system are located in the main panel. This saves a lot of time and money during maintenance, inspection or when batteries need to be changed.

More effective inspection. With CBS panels you have the ability to inspect the function of all luminaries from the main panel. The self-testing system provides information regarding the current status of the installation.

The cost of the CBS luminaries is comparable to self contained luminaries. Therefore, the long term cost might be significantly decreased, due to reduced maintenance costs of the CBS systems

230V AC CENTRAL BATTERY SYSTEM

Panels 300VA/1h or 100VA/3h
Requires 2 batteries 12V/33Ah

GR-9500/300/4	4 lighting circuits
GR-9500/300/8	8 lighting circuits

Panel 600VA/1h or 200VA/3h
Requires 2 batteries 12V/55Ah

GR-9500/600/8	8 lighting circuits

Peripherals

GR-9510	4 zone lighting circuit extension card 230V / 300 VA
GR-8530	ETHERNET card

24V DC CENTRAL BATTERY SYSTEM

Panels 300W/1h or 100W/3h
Requires 2 batteries 12V/33Ah

GR-8500/300/4	4 lighting circuits
GR-8500/300/8	8 lighting circuits
GR-8500/300/12	12 lighting circuits
GR-8500/300/16	16 lighting circuits

Panels 600W/1h or 200W/3h
Requires 2 batteries 12V/55Ah

- · Easy connection.
- · Easy and fast programming.
- · Capability to program up-to 20 personnel card with access to all rooms (RF-54/A).
- · Capability to program up-to 20 customer cards with lighting only or lighting & air-conditioner access at the same time (RF-54).
- · The system is autonomous and does not demand network communication with the rest hotel accommodation.
- · The RF-52/A card reader is waterproof with IP 65 cover protection.
- · RF-50 cards have the capability of laser printing of the hotel logo and the number of the rooms, on demand under the product-type RF-50/T.
- · The RF-54/A control unit has 2 relays 230V AC/25A and 1 output for electric door locks 12V AC/DC-1,5A.
- · The control device RF-54/A locks on an electrical rail.
